More Readers To Aid Angels Unaware, Center For Retarded Children

Fifteen more names have been added this week to the subscription list of new readers of this newspaper.

The campaign for new readers is being put on to benefit Angels Unaware, the East County Day Center for Retarded Children.

A part of the income from each subscription is donated to Angels Unaware to get playground equipment for the center's playground in El Cajon. Retarded children of Spring Valley and Lemon Grove, should they need Angels Unaware assistance, would go to the El Cajon facility.

The campaign this year is going to be a slow but steady one according to Ed Boyd, in charge of the affair.

Almost two years ago a crew of callers was put on telephones and more than 800 new readers were acquired in a relatively short time. It is expected that about the same number will subscribe this year but the campaign will go into mid-summer.

A report as to the amount of money handed the center will be made from time to time as the donation is turned over to them. Contributions will range from \$2.50 down to 10c, depending whether the subscriber is in the new, renewal or direct category.

The subscription to the newspaper is \$3.50 a year and the

paper is sent every week by mail.

The larger amount is given the retarded children's group when a present reader gets a neighbor to subscribe.

Present subscribers may aid the cause by calling this publication at 469-0101 and inquiring whether his neighbor is presently a subscriber.

New subscribers this week are:

Voting Machines Slated For November Elections

SAN DIEGO (CNS) — The County Board of Supervisors last week voted to rent-buy 60 vote counting machines that will take much of the labor out of the ballot count and produce final, total and official results in about 12 hours after the polls close.

The cost to the county for the November election will be \$175,000, but \$125,000 of this will be applied as credit by the Cubic Corporation to the purchase of 60 five-column counting machines that will feed the results to an IBM card puncher.

The first machines to be used by the county are four-column machines and the precinct results must be read and recorded

manually. Both Sexton and Chief Administrator Officer T. M. Hegland recommended the purchase which will be \$1,850,000 plus interest over a five year period in installments.

Sexton said the machines will pay for themselves in saving the county the salaries of many precinct workers and ballot counters. He said the precinct workers will close the polls after voting is over, verify the number of ballots cast, and then turn the ballots to collectors who will bring them to the central counting office.

Sexton said that putting the matter of cost aside, the very important and meaningful results (continued on page 4)

L.G. SCHOOL EMPLOYEES GET \$60,000 IN RAISES

234 employees of the Lemon Grove school district were granted raises of \$60,000 by trustees of the District at the Monday night board meeting. Salaries represent about 90 per cent of the budget. By

agreeing on the salary schedule, the Board, in effect, approved the 1964-65 budget. The proposed budget will probably be adopted at the next board meeting Byron Netzey, Elementary school superintendent said.

Certified employees will earn four per cent more beginning next school year. It will add \$42,000 of the \$60,000 increase to district costs. Increases ranged from \$200 to \$400 a year and brought the minimum to \$5,000. The maximum is \$9,300 for 20 years seniority and a master's degree. Classified employees were granted raises averaging 6.9 per

cent at a district cost of \$18,000. Range of increase is between \$5 and \$20 a month.

The increase will not add to the local property taxes, Netzey said. Added state funds amounting to \$46,000 will cover most of it. The remainder will be taken from other parts of the budget such as travel expenses; capital outlay and secretarial help costs, Netzey said.

Tenth Inch Rain Registered Here

One-tenth of an inch of rainfall was registered here as a surprise storm moistened the east county landscape.

The storm started Sunday afternoon and drizzly edges of it continued through Tuesday.

The season to date rainfall totals 11.38 inches. It compares with 5.36 for the same period the year before. Rain season ends July 1.

Incorporation Hearing Set For July 7

A hearing before the County Board of Supervisors for those who are petitioning to be excluded from the proposed City of Lemon Grove will be held on July 7 at 2 p.m. in the Supervisors' chambers, reported Frank Armstrong, chairman of the Lemon Grove Committee for Incorporation.

Those who seek to be excluded should file their petition well in advance of the July meeting so that the hearing can be made a part of the agenda.

At the same hearing, supervisors will determine the boundaries of the proposed city. It will take as much as 60 days to complete all of the hearings, Armstrong said.

Following the hearings, a date will be set for the incorporation election. It is believed that the election can be held in September, barring unforeseen obstacles, Armstrong added.

Burglars Assault S.V. Navy Wife

A 30-year-old Spring Valley housewife was struck down at 2 a.m. Sunday by one of two young men she surprised as they were burglarizing her house.

Mrs. Lillian Poole, of 571 Broadview, said she was awakened by noises the men made as they ransacked her living room.

Mrs. Poole, a Navy wife, said she seldom leaves her home due to an ailment, but she had cashed three Navy allotment checks the day before. The intruders did not get any of the money.

When she surprised them one grabbed her and said "I know you cashed the checks. Where is the money?" He then slashed her across the arm with a sharp instrument, knocked her to the floor in a semi-conscious condition with a blow on the head, she said.

She recovered enough to call the sheriff's office a few minutes later but the men had gone.

Andreen Selected As Committeeman By Max Rafferty

La Mesa-Spring Valley School Board Trustee of one year, Robert L. Andreen, has been chosen by State Superintendent of Public Instruction Dr. Max Rafferty to serve directly under him on an education committee survey. Andreen is one of five members in the state chosen by Rafferty.

The purpose of the Committee is to develop a questionnaire to sample opinion from parents and other lay people regarding such basic issues as prayers in school, the basic skills to be taught in school, grade levels and other related matters for testing and similar items. This same questionnaire would be given to professional educators. A further purpose would be to identify areas in which differences of opinion exist and to discuss what should be done about them.

The first meeting of this committee was held in Dr. Rafferty's office June 1.

Andreen, a lawyer with the firm Kammar, Sorbo, Andreen, Thom and Gallagher, lives on Barbic lane in Spring Valley with his wife, Margaret, and son and daughter.

Beauty Shop Embezzler Is Jailed

SAN DIEGO (CNS) — Robert Wilfred Eshelman, 36, El Cajon, was sent to county jail for nine months Tuesday by Superior Court Judge Ronald Abernethy for embezzling over \$1,800 from the Lemon Grove beauty shop firm where he worked.

He was placed on five years probation and ordered to pay restitution although the probation department recommended that probation be denied.

Eshelman pleaded guilty to grand theft from Hollywood Beauty Shops, Inc., 4349 1/2 Broadway, where he was secretary of the firm which operated six shops in the county under the direction of Kenneth D. Priest.

On Dec. 4, 1963, the firm hired a full-time accountant and she quickly found that a number of payroll checks had been raised by \$100 from \$33.38. Eshelman admitted that he had done this.

He told the probation officer that he had taken the money because he needed it to support his wife and three children.

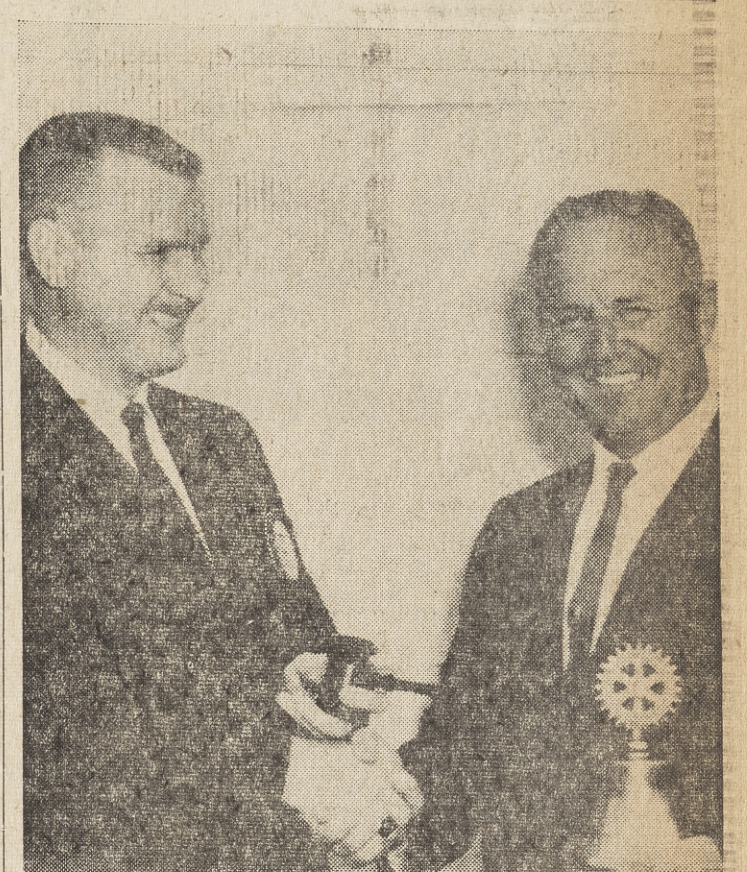

He signed a confession of judgment at the office of the company attorney for \$1,843 and then attempted to make as initial partial payment of restitution with a \$700 check written on his personal account on a Livermore, Calif., bank. It was after this check bounced that the company turned the matter over to the Sheriff's Office.

Eshelman also admitted writing several other bad checks. The probation officer said, "The amount of bad checks which he has written are admittedly unknown and probably total several hundred dollars."

\$100 Taken From Safe
Window louvers were forced open at Baker's Dozen, a cafe at 7221 Broadway, Lemon Grove, last week on Tuesday and \$100 in cash was taken by the intruder.

Of the total, \$60 was taken from the cash register and \$40 in coins taken from a container.

ROTARY WHEELS — Dr. Sam Smith (left) gives a firm hand-clasp and the gavel of the office to newly elected president Harlan Dye as Dye gets ready to take charge of the activities of the Lemon Grove Rotary Club for the 1964-65 season. Part of the ceremony by which Dye will replace Dr. Smith is a "demotion" party at which the retiring president will answer for all the derelictions of office he has permitted during his regime. The "demotion" will be at a regular club meeting but the installation is scheduled for the La Mesa Bowl June 20, at a banquet to which Rotarians, their spouses and guests are invited.

RED CROSSERS — Dr. Frank Gigliotti, 1962-63 chairman of the Red Cross Fund Raising Committee presents a plaque of appreciation to Meyer Zung, 1963-64 chairman. Under Dr. Gigliotti's guidance, a record \$4,200 was raised locally. Under Zung, \$3,200 was raised for the regular fund and \$1,800 was gathered in a special disaster fund. Not present for the photo was Mrs. Florence Cummings, of La Mesa, who is treasurer of the area Red Cross activities. Both men said that Mrs. Cummings by her contribution of time and energy has made the unusually large Red Cross income here possible.

GAVEL PASSING TIME — Lemon Grove Lions Club Retiring President Howard Matheny (left) hands the gavel to newly elected President Jesse E. Lee as the management of the local service club changes hands. Matheny, boasting a score of club accomplishments for the past year, will relinquish his chair to Lee at an installation dinner-dance June 20 at the Town and Country Hotel's Atlas Room. A new corps of officers will also be installed with Lee.

EXCHANGE STUDENTS — At a recent Mount Miguel International Club farewell party, the photographer interrupts a conversation between (l to r) Principal Melvin C. Grant, Lee Ng Ngo, Kathy Dittamore, and Mel Lewis.

Miguel's 1963-64 exchange student will return to their countries in June: Lee to Singapore and Mel to England. Kathy will go to Switzerland for the summer and return in September. —Photo by Steve Shepard

LET US ALL PRAY TOGETHER AS A FAMILY

During the "Trinity" season, the church is confronted with the Word of God which searches our lives in all areas. We are searched in order that we might see our sins and seek God's forgiveness. God assures us in His Word that He does forgive.

Mutineer's Descendant To Speak at LM Church

A descendant of a famous mutineer will tell some unusual background stories of one of history's most famed incidents on Saturday, June 13, at 11 a.m. at the La Mesa Seventh-day Adventist Church, 4207 Palm ave.

Parkin Christian, 80-year-old great-great-grandson of Fletcher Christian, leader of the famed "mutiny on the Bounty", will tell stories of the Bounty incident passed on to him by his father and grandfather, and will explain life on tiny Pitcairn Island, the islet in the South Pacific to which the Bounty mutineers fled.

Christian is visiting this area as part of a tour of Seventh-day Adventist churches in California and Hawaii. Most of the 83 persons now on Pitcairn Island are members of the Seventh-day Adventist faith.

The colorful gentleman, who once raised a large piece of machinery from the Bounty from Pitcairn's Bounty Bay, has recently participated in opening ceremonies of the New York Worlds Fair. He sailed into the fair's marina aboard a replica of the H.M.S. Bounty, and assisted in opening an exhibit on the famous ship.

GOD'S MINUTE

REV. H. C. BAKKEN

"HOLY SPIRIT"

The indwelling presence of the Holy Spirit gives us identity. Who are you? Are you a child of God? When the Holy Spirit comes to abide in our hearts, then we receive a peace and rest which witness to the fact that we are the children of God. When that peace comes, then you know who you are. You know that you are a Christian.

Classes Offered In Summer Session At High Schools

Grossmont Union High School District summer sessions will open the morning of June 15, with approximately 8,428 students returning to the classrooms for seven weeks of summer study. Although some of the schools will offer new courses, most of the program is organized according to the pattern followed in previous years. There is heavy concentration in social studies, driver education, and typing. A student is free to attend summer school in the school of his choice, no matter where he attends school during regular session.

Monte Vista will offer a course to incoming freshmen in archaeology and anthropology. This approach to a study of the culture of man will be taught by an El Capitan social studies teacher, James Lipetsky. Robert Divine, director, says they'll have about 600 students enrolled and 21 teachers.

Mt. Miguel High has enrolled about 30 students in a new course called Summer in the Technical Arts. The course will present a broad picture of the technical and industrial fields, to give students an extensive enough background on this subject so they can decide if they should or shouldn't choose the field for future careers. About 1,400 students are expected at Mt. Miguel according to Virgil Duea, director, and there will be about 40 teachers. A biology course will last two weeks beyond the seven set for first session. At Mt. Miguel, the district offers a post-session from August 3-25.

Mae Cecelia Fossett, of North Las Vegas and the 3300 block on Calavo st., Spring Valley, told sheriff's men Thursday that she had lost diamond rings valued at \$382.50 while visiting at various homes of neighbors. She said she had put the rings in a wallet in her purse after showing them. When she returned home they were missing.

Dean Freeman, a student at Mt. Miguel told sheriff's men that his \$150 wrist watch was taken from his locker nearly a month ago.

Little League Is Loser

The Monterey Heights Little League refreshment stand was entered more than a week ago, team officials told the police.

Gone were some of the goodies which attract youngsters during game time. The refreshment stand is at 2550 Canton, Monterey Heights.

The youths were arrested and booked.

Auto Canibalized

A steering wheel and a set of valve covers, all valued at \$60, was the loot from a car under construction in Spring Valley Friday night.

Man's Motor Missing

The motor of his car, all eight cylinders of it, was taken from the premises of Robert Allen Whitaker, of 3115 Bancroft, Spring Valley one evening last week.

He gave sheriff's deputies the name of a suspect.

many a working stiff the day's work he now loses when he has to renew his license because the DMV office is open the same hours he works.

If the Post Office put the Friday night "special" into effect, it would give the working guy his Saturday free to pursue his pleasures, if a Post Office visit was on his Saturday schedule.

Our informant says that postal schedules could be adjusted so that the entire 3 1/2 hours the Post Office is open on Saturday could be saved. It would be done by rescheduling shifts on Friday.

Multiplying the nation's 25,000 first, second and third class Post Offices by the savings of about 45,000 people for 3 1/2 hours, times their wage rate, you can see that a significant savings would accrue.

If the program is put into effect, we hope they give a sprig of the laurel to the local postal employee who thought the idea up.

The Tax Cut That Wasn't All There

Employers got the news last month that the tax reduction which was provided by the Administration, did not measure up to the reduction the Administration took credit for giving.

In a generally distributed advisory this week, the Treasury Department's Internal Revenue Service warns that their previously distributed schedule may produce... "less withholding than needed to satisfy the tax liability for the year".

The Administration got a favorably dramatic reaction from a grateful citizenry when the reduction was first given. Now the Administration is asking employers to encourage the worker to take the next higher dependence withholding so that they may be current at the next time period.

As usual, the employing firm is the dirty dog when more is withheld from the family pay check. Conversely, it is the Administration which gives it back.

Instead of trying to adjust it through the employer, the Administration ought to cancel the variance. It was the Administration's lack of integrity which led the employee to believe the total reduction was for real in the first place.

How Come?

One of our readers told us there is a short-short form for income taxes due next year.

It contains four questions, she said.

How much did you make?

How much did you spend?

How much have you got left?

How Come?

Distillations

by Larry Stillman

The color of a peacock's neck seems a bizarre subject. Hear us out, though. There's a good point lurking somewhere.

About sixty years ago a brilliant naturalist, Gerald Thayer, found this iridescent coloring to be a remarkable life saving device — for the bird, that is.

To a shorter predator looking upward as the fowl stands against the sky the peacock's neck is a delicate blue. This color magically melts into the pale azure background.

A neat trick, but how about a taller animal or a hungry hawk looking down toward the different background of lush vegetation.

Nature probably took ages to do it but did finally come through with a solution. It brought out a special two-way pigment. Seen from above, the peacock's neck is no longer blue but deep grass-green and still safely hidden among the surroundings.

These well-known garish eye spots on the train feathers serve a purpose, too. At rest they do a good job of mimicking a bed of flowers. In motion they turn into a hypnotically attractive target. Thus many a fleeing peacock has managed a safe getaway at the cost of a feather or two.

Most of us are proud of our convictions and like to feel that they are well-founded. These days the voter is busy forming opinions. He is especially in the market for good guidance. A check of all the angles, an open-minded sampling of all the viewpoints would be wise.

Truth has a way of hiding itself like a peacock's neck, and shallow ideas sometimes attract like those handsome feather spots.

Local Pupils To Get Free Fair Tickets

Directors of the 22nd District Agricultural Association have voted to give free tickets to the San Diego County Fair to children attending schools in the East County area.

The one-day admissions are being distributed to 18,940 children attending classes in Lemon Grove, La Mesa and Spring Valley schools. The big fair starts a banner 10-day schedule June 26.

The tickets will admit the pupils to the 265-acre fairgrounds and also entitles them to half price on most carnival rides in the Midway area.

Welch said the tickets will provide free admission on Student's Day only, July 1.

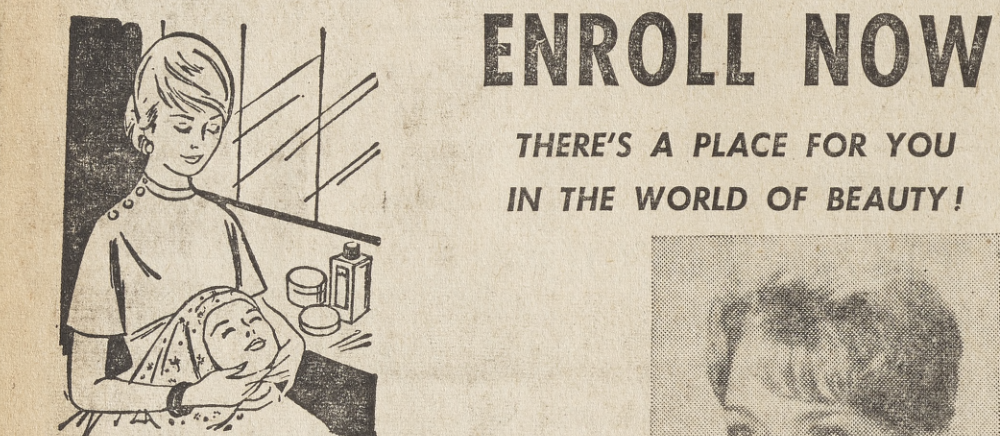

The tickets being distributed in this area are part of 190,000 to be handed out in the county to elementary and junior students.

With over 40 years experience in San Diego, Brock Developers think big—for newcomers and oldtimers alike—think "Directions—'70!"

Did you know the word telephone comes from the Greek "tele" meaning far off, and "phone" meaning voice?

Bazaars are the fantastic "supermarkets" of the Middle East. There, amid the crowds and the cries of shopkeepers, you can find everything imaginable—and some things that aren't. But, did you know there's an even wider selection of goods and services right in the Yellow Pages of your own phone book?

Next time, why not check them out before you shop. The Yellow Pages is one bazaar you can go through without leaving the comfort of your easy chair.

Telephone people recently installed the "hottest" communications system anywhere. They put armor plate around phone equipment at the Pacific Missile Range to keep it from burning up during rocket blast-off. Because the phone serves every operation important to countdown, its protection is vital to launchings.

BEANS FOR BREAKFAST' HELP MIGUEL STUDENT WIN CONTEST

"Beans for breakfast, beans for lunch, beans for supper..." that's the beginning of a story which captured the attention of Miguel student recognition in a "Day in the Navy" contest.

Senior Dave Lewis won third

place in competition with 79 other high school journalists who wrote their experience during the March "Day in the Navy" hosted by the Naval Reserve.

Dave, who is also a finalist in the Los Angeles Herald-Examiner scholarship contest, was presented with the trophy during a reception at KOGO studios, May 21.

Because of his activities as senior class treasurer, Dave has been listed in Who's Who Among Student Leaders; in addition, he has been enrolled in the San Diego Junior Achievement for the past three years.

Editor-in-chief of his school paper and a member of Quill and Scroll, an international society for high school journalists, he plans to major in political science when he enrolls at Cal-Western next fall.

Miguel Musicians Will Be Dressed To Beat the Band

Miguel students will be watching their band next year as it steps off in new uniforms for community appearances.

Money for the new uniforms was raised during the past several years through the efforts of the Band Parents Club, according to Fred Weber, president of the '65 season. "We're really proud of that band," Weber said, "and the parents work hard, often at sacrifices to themselves, to outfit the band with what it needs." In this case, it will "need" 130 uniforms.

The old uniforms, worn a minimum of 15 times yearly, will be reserved for band half-time shows at football games next season; the new uniforms will be used for parades, concerts and other official appearances.

Larry Christianson, band director, pointed out that the band is asked to make many more appearances than it can possibly do, the latest of which was its special invitation from UCLA to present an hour and a half concert for the collegiate group. "It was the band's most successful performance of the year," said Christianson.

The last appearance of the band during the current school year was its concert at Hoover High School on May 26.

LETTERS TO THE EDITOR

Dear Editor:

The election is over. I am not defeated — although I lost the race. Life is one continuous fight. To lose one skirmish does not discourage me at all. Nothing but good has come my way. I thank God for the opportunity of serving my party and my country in this small way.

Now we must set our face toward the task that lies ahead. I urge all my supporters to join me in working for the defeat of the present Congressman in the 37th District. I give my whole-hearted support to Dick Wilson. I was in the race because I felt certain I could defeat Lionel Van Deerlin; but we must now join our hands and our hearts to create a unity that will bring a Republican victory in November. To those who supported me so loyally, words cannot express my gratitude.

Daniel B. Thomas

Dear Editor:

The Lemon Grove Music Parents Club would like to express appreciation for the excellent coverage which your newspaper has given the various activities during the past year.

Our musical groups — band, choirs, and orchestra — have achieved outstanding records in their various fields of endeavor during this school year. All of these groups appeared at the County Music Festival and received high ratings for their performances. Through the efforts of the students themselves, the musical directors, the Music Parents Club and many of the generous clubs and organizations in Lemon Grove, the chorus members from Palm Junior High and Lemon Grove Junior High have been attired in beautiful choir robes which they share alternately.

The Lemon Grove Junior High Band, under the direction

Kenneth Winkler

of Mr. Harry Weisgerber, attracted the recognition of the entire Southwest to the Lemon Grove area when they won the Marine Corps Perpetual Trophy for the fourth consecutive year in the Maytime Band Review. This is a record not achieved by any other band since the origin of the Trophy.

For each of these activities your paper permitted news releases for giving advance notice to the public. We are sincerely grateful for the interest, encouragement and backing of your fine publication. We have found your staff courteous, receptive and cooperative with each contact.

Your awards for endeavor in the youth and educational fields are well-deserved, and we wish you and your organization continued success for many years to come.

Jessie Ritchie
Publicity Chairman
Lemon Grove Music Parents Club

Dorothy Digs in the garden

Shade trees growing in lawn areas sometimes create a problem of roots coming to the surface, robbing water from the grass and because of shaded areas, encourage fungus growth.

The trees that normally root deeply are not nearly as bad about consuming surface water away from grass as the shallow rooted trees, especially those having many small feeder roots. These are the real culprits and can destroy a lawn.

Deep watering and feeding with various types of injector watering devices should be practiced with trees of this kind in lawns. Otherwise the heavier roots will be encouraged to come to the surface and the result will be an uneven lawn.

Too much shade will discourage the growth of some grasses. Care should be taken in planting the type of grass that will tolerate considerable shade. Stagnant water accumulating in shady spots also encourages fungus. Much can be done to correct fungus conditions in lawns by using a copper-ether disinfectant when fungus appears. This treatment will also destroy lawn moth larvae at the same time.
